SUMMARY

Aspiring Full Stack Developer with hands-on training in the MERN stack. Passionate about web development and eager to contribute technical and soft skills to dynamic teams. Seeking entry-level opportunities for growth and impact.

EXPERIENCE

Grass Solution Pvt. Ltd.

1 June 2023-20 August 2023

Full Stack Development Internship

Domain: MERN Stack

During my internship at Grass Solution Pvt. Ltd., I gained practical experience in full stack web development using the MERN stack (MongoDB, Express.js, React.js, Node.js). I worked on building dynamic user interfaces, implementing RESTful APIs, and integrating frontend with backend services

GIP Technologies Pvt. Ltd

5 June 2023-20 July 2023

Role: Frontend Developer Internship

Key Skills: HTML ,CSS ,Javascript and ReactJS The best web hosting company in India - Global IT Providers - a platform that facilitates choice, simplicity & performance. A dedicated server hosting provider, to facilitate you stay focused on what you do best, win as an individual .

PROJECTS

E-Commerce Shopping Website

Using: HTML5 , CSS3 , JAVASCRIPT , REACT JS , NODE JS , EXPRESS JS , MONOGODB

Built a full-stack e-commerce web application with a responsive and dynamic front-end using React.js. The backend was developed with Node.js and Express.js, while MongoDB was used for database management.. Focused on clean UI design, component reusability, and user interaction using React hooks and props.

Todo List App

Using: REACT JS

Created a functional todo list to manage tasks with add, delete, and complete options. Implemented React state management and conditional rendering to handle dynamic data efficiently.

Quiz App

Using: HTML, CSS, JavaScript

Built an interactive quiz application with multiple-choice questions, real-time score calculation, and immediate feedback. Enhanced with DOM manipulation and custom styling for better UX.

Personal Portfolio

Using: REACT JS , TAILWIND CSS

developed a personal portfolio website to showcase my skills, projects, resume, and contact information. The website is fully responsive, optimized for performance, and built with a modern tech stack. Utilized React.js for dynamic component rendering, React Router for smooth navigation, and Tailwind CSS for efficient styling.
